**RATE-OF-RETURN CARRIERS AND COMPETITIVE ELIGIBLE
TELECOMMUNICATIONS CARRIERS (CETCs) MUST FILE ANNUAL
CERTIFICATIONS FOR INTERSTATE COMMON LINE SUPPORT ON
JUNE 30, 2004**

Each rate-of-return carrier and CETC serving lines in the service area of a rate-of-return carrier must file an annual self-certification **on June 30, 2004** in order to receive Interstate Common Line Support (ICLS). The annual self-certification must be filed with the Universal Service Administrative Company (USAC) and the Federal Communications Commission (FCC), and must state that all ICLS provided will be used **ONLY** for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

The ICLS self-certification may be filed in the form of a letter from an authorized representative for the carrier. For your convenience, USAC has enclosed an ICLS self-certification sample letter. You may use this letter or download the sample letter onto your company's letterhead from our web site at www.universalservice.org/hc/forms/default.asp#sampleletters. Once you have submitted your self-certification to USAC, you may check our web site at www.universalservice.org/hc/checklist to see if we have received your self-certification. In the event you provide an ICLS self-certification in your own format, please be sure to reference CC Docket No. 96-45 and file the self-certification with USAC and the Office of the Secretary of the FCC at the addresses listed below:

UTILITIES BOARD

IN RE:

OMNITEL COMMUNICATIONS, INC.

DOCKET NO. 199 IAC 39.2(4)

ORDER DESIGNATING ELIGIBLE CARRIER

(Issued July 23, 2001)

On July 5, 2001, OmniTel Communications, Inc. (OmniTel), filed with the Utilities Board (Board) a request for universal service eligible carrier status in Iowa. OmniTel asks that the Board designate it as an eligible telecommunications carrier pursuant to 199 IAC 39.2(4). The subrule requires that a carrier, to receive support from the Universal Service Fund as defined by the Telecommunications Act of 1996, 47 U.S.C. § 254, must file a request using the Board's form and be designated as an eligible carrier by the Board.

The Board must determine that a carrier meets certain service requirements before it designates it as an eligible carrier. The requirements are:

- 1) Offer the services supported by the federal universal service fund;
- 2) Offer the services using its own facilities or a combination of its own facilities and resale of the facilities of another carrier;
- 3) Advertise the availability of the supported services; and

4) Offer the services throughout the service area of the designated carrier.

In its request for designation, OmniTel states that it satisfies each of the four requirements. Based upon that unopposed representation, the Board finds that OmniTel offers the services supported by the federal universal service fund, using its own facilities or a combination of its own facilities and resale of the facilities of another carrier. The Board finds that OmniTel advertises and offers the services throughout its service area, which will be its designated service area for purposes of the universal service fund.

IT IS THEREFORE ORDERED:

1. Eligible telecommunications carrier status is granted to OmniTel Communications, Inc., as requested on July 2, 2001. The designated service area for OmniTel Communications, Inc., shall be the service area established in its certificate of convenience and necessity.

2. The Acting Executive Secretary of the Utilities Board shall mail copies of this order to OmniTel Communications, Inc., the Universal Service Administration Company, the Federal Communications Commission Universal Service Branch, and the Federal Communications Commission Office of the Secretary.
